

Protect your research with a LI-COR service agreement or maintenance plan.

- Covers water, impact, and voltage events:**
 Return the instrument in any condition with a legible serial number on the label, and we will repair or replace it.
- Keep your project moving:**
 Make continuous measurements with a loaner instrument we ship to you.*
- Priority service:**
 Get your repairs made quickly when we move your service request to the top of the list.
- Free return shipping:**
 We pay for prioritized shipping from LI-COR to you to get the instrument back in your hands quickly.
- Future-proof your funding:**
 Add a service agreement now, and you will not have to find funding to cover accidents later.
- All about the basics:**
 Includes recommended recalibrations and all manufacturing defects.

*Available with five-year service agreement or four-year maintenance plan
